

## Scale

How have global digitally delivered services exports evolved since 2005, and which countries lead exports in 2024?

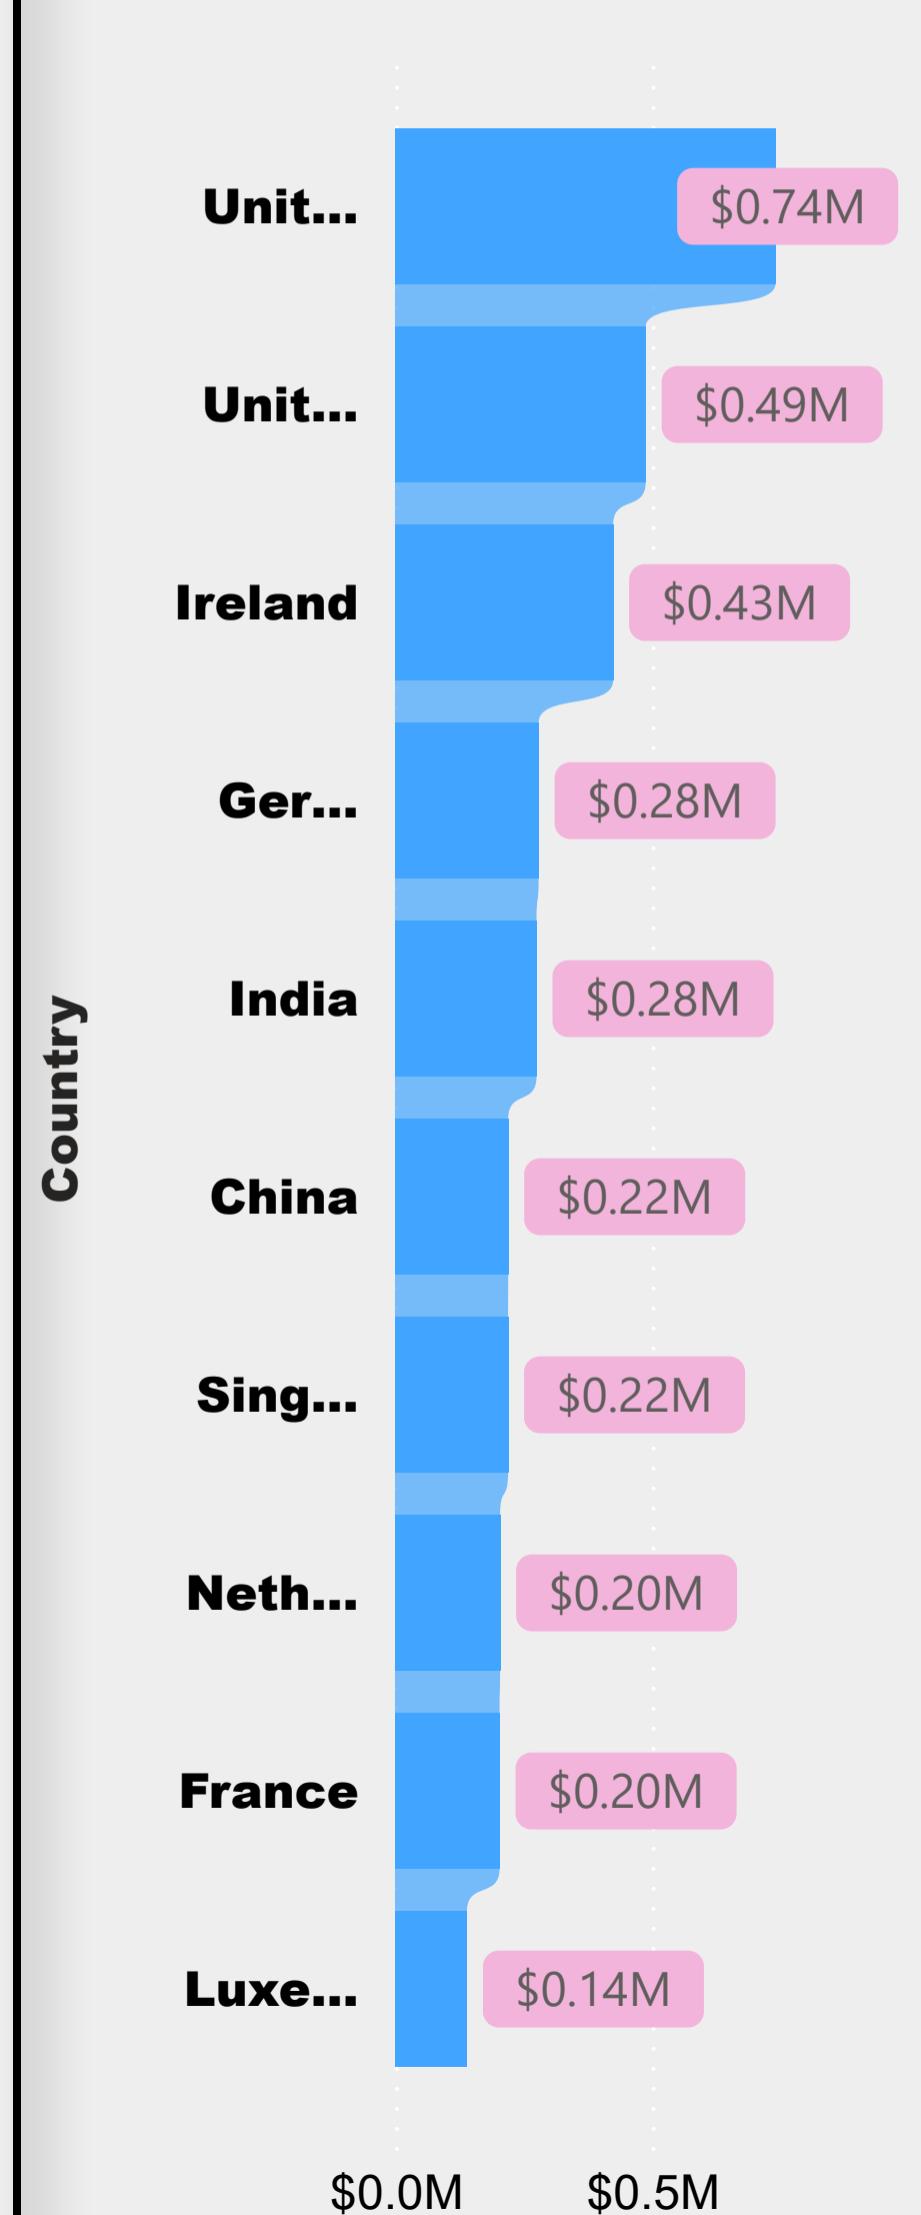

### Global digitally delivered services exports (WTO), 2005–2024

Constant global value per year across countries; MAX aggregation applied to prevent duplication

### Top exporters of digitally delivered services (WTO), 2024

Country-level DDS exports, current USD

## Growth

**Which countries have experienced the strongest growth in digitally delivered services exports since 2005, and how does growth differ from absolute leadership?**

### Top 10 countries by growth in digitally delivered services exports (2005–2024)

*Growth measured as absolute increase since 2005; highlights relative expansion rather than export scale*

# Scale vs Growth

## **Do countries with the fastest growth also account for the largest export volumes?**

# Scale vs Growth in Digitally Delivered Services Exports (2005–2024)

*growth measured as maximum absolute increase since 2005; scale as peak annual export value (USD, log scale)*
